

Commercial Lighting Rebate

KPUB is continuing its Commercial Lighting Energy Efficiency Program. It is a Rebate/Incentive program that provides funds directly to KPUB customers who install new lighting in Commercial/Business retrofit projects and new installations. For new construction projects, rebates will only be paid for LED fixtures.

A rebate will be paid directly to the KPUB customer who completes and submits all required documentation of the lighting purchase and installation.

Rebate includes:

- **LED Replacement Fixtures: up to \$30.00 per fixture (actual cost of fixture)**
- **LED Bulb Replacement: 30% of bulb cost up to a maximum of \$10.00 per bulb***
- **T-12 to T-8 or LED Retrofit: up to \$20.00 per fixture (actual cost of fixture)**
- **LED Exit Signs: up to \$15.00 per fixture (actual cost of fixture)**
- **Occupancy Sensors: up to \$20.00 (actual cost of fixture)**
- **Maximum rebate: \$2,500.00**

Maximum of one rebate per customer site.

[Applications](#) will be accepted for completed lighting projects between October 1, 2017 and September 30, 2018. Applications can be picked up at the KPUB office at 2250 Memorial Blvd. and are also available online at www.kpub.com. Completed applications must be submitted to KPUB, along with all accompanying documentation, no later than October 31, 2018.

For more information please call David Baxter, Energy Efficiency Specialist, at 830-792-8237 or Bob Keeling at 830-792-8242.

LIMITED REBATES AVAILABLE – Hurry and get yours soon!

**Revised 10/3/17*

KPUB Commercial Lighting Rebate Requirements:

- Must be a current KPUB customer (Commercial/Business only)
- This rebate applies only to Commercial/Business Accounts only
- Rebates are paid based on dated invoice for materials only. Receipts for fixtures, bulbs and sensors must be submitted to receive reimbursement.
- All new building projects require the installation of LED fixtures and lamps
- All building improvements and retrofit projects require LED and/or fluorescent fixtures and lamps (T8 with an electronic ballast of 28 watts or less)
- All lighting must be new and installed per manufacturers installation requirements and be UL approved
- New LED products and new T-8 linear fluorescent lighting equipment must be listed on the DesignLights Consortium® (DCL) Qualified Products List (QPL).*
- Pre-approval and site inspections of the project will be required prior to the work being performed
- State and local codes must be followed
- Completed applications must be submitted to KPUB along with all accompanying documentation no later than October 31, 2018 – for lighting installed between October 1, 2017 and September 30, 2018.
- Limit one lighting rebate per customer site – maximum rebate \$2500.00 (while funds last)
- KPUB reserves the right to change the program at any time
- For more information please call David Baxter, Energy Efficiency Specialist, at 830-792-8237, or Bob Keeling at 830-792-8242.
