

Heat Pump Water Heater Rebate

KPUB is continuing its Heat Pump Water Heater Energy Efficiency Program. It is a Rebate/Incentive program that provides funds directly to KPUB customers who install new or replace existing water heaters with new high efficiency heat pump water heaters.

A rebate of \$300.00 will be paid directly to the KPUB customer upon completion of unit installation, application and verification.

- Residential and commercial customers, landlords, or builders eligible
- New or replacement heat pump water heater
- \$300.00 rebate per unit

Maximum of two rebates per customer site.

[Applications](#) will be accepted for heat pump water heaters installed between October 1, 2017 and September 30, 2018. Applications can be picked up at the KPUB office at 2250 Memorial Blvd. and are also available online at www.kpub.com. Completed applications must be submitted to KPUB, along with all accompanying documentation, no later than October 31, 2018.

KPUB reserves the right to inspect the heat pump water heater to verify installation.

For more information, please call the Engineering department at 830-257-3050.

LIMITED REBATES AVAILABLE – Hurry and get yours soon!
